Report of the Executive Committee of the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts

Draft conclusions proposed by the Chair

Recommendation of the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation

The Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation, at their forty-seventh sessions, recommended the following draft decision for consideration and adoption by the Conference of the Parties at its twenty-third session:

Draft decision -/CP.23

Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts

The Conference of the Parties,

Recalling decisions 3/CP.18, 2/CP.19, 2/CP.20, 1/CP.21, 2/CP.21, 3/CP.22 and 4/CP.22 and the Paris Agreement, particularly Article 8,

Noting the concerns raised by Parties on the increasing frequency and severity of climate-related disasters that have affected many countries, including heatwaves, drought, floods, tropical cyclones, dust storms and other extreme weather events, as well as the increasing impacts associated with slow onset events, and the urgent need to avert, minimize and address these impacts through comprehensive risk management approaches: inter alia, through early warning systems, measures to enhance recovery and rehabilitation and build back and forward better, social protection instruments, including social safety nets, and transformational approaches,

1. *Welcomes* the report of the Executive Committee of the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts;[1]

2. *Also welcomes* the progress made by the Executive Committee in implementing its initial two-year workplan and operationalizing the clearing house for risk transfer and the task force on displacement pursuant to decision 1/CP.21, paragraphs 48 and 49;

3. *Expresses its appreciation* to Parties, bodies and organizations for supporting the work of the Executive Committee, including through partnerships and collaboration, and encourages them to enhance their efforts in this regard;

4. *Notes* the flexible five-year rolling workplan of the Executive Committee, which enables the timely consideration of cross-cutting issues and current, urgent and emerging needs;

5. *Also notes* that the Executive Committee will evaluate progress made towards implementing its five-year rolling workplan in 2020 and at regular intervals at subsequent meetings of the Executive Committee;

6. *Requests* the Executive Committee to include in its annual reports, as appropriate, more detailed information on the work undertaken by its expert groups, subcommittees, panels, thematic advisory groups and task-focused ad hoc working groups on, to the extent possible, issues of relevance to the regional and national context as identified by Parties in their submissions;[2]

7. *Welcomes* the plan of the task force on displacement referred to in paragraph 2 above to convene a meeting in May 2018 on all areas of its work, which will include wide consultations with stakeholders to ensure regional coverage;

8. *Invites* the task force on displacement referred to in paragraph 2 above to take into consideration both cross-border and internal displacement, in accordance with its mandate, when developing recommendations for integrated approaches to averting, minimizing and addressing displacement related to the adverse impacts of climate change;[3]

9. *Requests* the secretariat, under the guidance of the Executive Committee and the Chair of the Subsidiary Body for Implementation, to organize, in conjunction with the forty-eighth sessions of the subsidiary bodies (April–May 2018), an expert dialogue to explore a wide range of information, inputs and views on ways for facilitating the mobilization and securing of expertise, and enhancement of support, including finance, technology and capacity-building, for averting, minimizing and addressing loss and damage associated with the adverse effects of climate change, including extreme weather events and slow onset events, with a view to informing the preparation of the technical paper referred to in paragraph 2(f) of decision 4/CP.22;

10. *Invites* Parties, observers and other stakeholders to submit, by 15 February 2018, their views in the context of activity 1(a) of strategic workstream (e) of the five-year rolling workplan of the Executive Committee;

11. *Requests* the secretariat to prepare a report on the expert dialogue referred to in paragraph 9 above for consideration by the Executive Committee at its second meeting in 2018;

12. *Invites* Parties, relevant organizations and other stakeholders to submit to the secretariat, by 1 February 2019, their views and inputs on possible elements to be included in the terms of reference for the review of the Warsaw International Mechanism referred to in decision 4/CP.22, paragraph 2(d), taking into account the outcomes of the implementation of the work of the Executive Committee, for consideration by the subsidiary bodies at their sessions to be held in June 2019;[4]

[2] In response to the invitation of the Conference of the Parties in decision 3/CP.22, paragraph 5. The submissions are available at http://unfccc.int/10064.

[3] Decision 1/CP.21, paragraph 49.

[4] Parties should submit their views via the submission portal at http://www.unfccc.int/5900. Observers and other stakeholders should email their submissions to secretariat@unfccc.int.

13. *Encourages* Parties to actively engage in the work and to disseminate, promote and make use of the products of the Warsaw International Mechanism and its Executive Committee, including by:

(a) Establishing a loss and damage contact point through their respective UNFCCC national focal point referred to in decision 4/CP.22, paragraph 4(d);

(b) Participating in the meetings of the Executive Committee as observers, recognizing the constraints of time and resources;

(c) Incorporating or continuing to incorporate the consideration of extreme weather events and slow onset events, non-economic losses, climate change impacts on human mobility, including migration, displacement and planned relocation, and comprehensive risk management into relevant policy, planning and action, as appropriate, and encouraging relevant bilateral and multilateral entities to support such efforts;

14. *Reiterates* its invitation to constituted bodies under the Convention, as appropriate, to continue to integrate into their work efforts to avert, minimize and address loss and damage associated with the adverse effects of climate change in developing countries that are particularly vulnerable to the adverse effects of climate change, vulnerable populations and the ecosystems that they depend on;

15. *Invites* United Nations and other relevant institutions, specialized agencies and other entities, the research community, civil society and the private sector, as appropriate, to strengthen cooperation and collaboration, including through partnerships, with the Executive Committee on topics related to averting, minimizing and addressing loss and damage associated with the adverse effects of climate change, including extreme weather events and slow onset events;

16. *Also invites* relevant research institutions and organizations to share, as appropriate, their data and key findings on slow onset events with the Executive Committee, including at events organized by the Executive Committee, with a view to enhancing knowledge and understanding of slow onset events;

17. *Reaffirms* that the Executive Committee may enhance its effectiveness by prioritizing activities in thematic areas for further work;

18. *Encourages* the Executive Committee to seek further ways to enhance its responsiveness, effectiveness and performance by improving the planning and organization of its work, including in the context of operations of its expert groups, subcommittees, panels, thematic advisory groups and task-focused ad hoc working groups, such as appropriate balanced representation, expertise of membership in accordance with the tasks, and the duration of the mandates of those expert groups, subcommittees, panels, thematic advisory groups and task-focused ad hoc working groups;

19. *Requests* the Executive Committee, in accordance with its mandate[5] and the report referred to in paragraph 1 above:

(a) To consider, when updating its five-year rolling workplan, cross-cutting issues and current, urgent and emerging needs related to extreme weather events and slow onset events, including but not limited to drought and floods, in developing countries that are particularly vulnerable to the adverse effects of climate change, vulnerable populations and the ecosystems that they depend on;

(b) To enhance its efforts in ensuring that information generated from its work is converted into user-friendly products, such as tools and methods, and material for training modules, with a view to enhancing the coherence and effectiveness of relevant efforts undertaken at the regional and national levels, as appropriate;

(c) To consider, through collaboration and partnerships, the development and the dissemination at all levels of user-friendly information and communication products on averting, minimizing and addressing loss and damage issues of relevance to the regional and national context;

[5] Decision 2/CP.19, paragraphs 2 and 5.

20. *Encourages* the Executive Committee to collaborate with other bodies under the Convention and the Paris Agreement within the scope of their respective mandates and to continue considering ways for facilitating the mobilization and securing of expertise, and enhancement of support, including finance, technology and capacity-building, including its work on enhancing action and support, and when considering the composition and mandates of its expert groups and those it may establish;

21. *Reiterates* its encouragement to Parties to make available sufficient resources for the successful and timely implementation of the work of the Executive Committee and its expert groups, subcommittees, panels, thematic advisory groups and task-focused ad hoc working groups;

22. *Invites* relevant organizations, as appropriate, to further mobilize resources, including expertise and tools, through a wide variety of instruments, channels and partnerships, for actions related to averting, minimizing and addressing loss and damage associated with climate change impacts;

23. *Takes note* of the estimated budgetary implications of the activities to be undertaken by the secretariat pursuant to the provisions contained in paragraphs 4–20 above;

24. *Requests* that the actions of the secretariat called for in this decision be undertaken subject to the availability of financial resources.

Report of the Adaptation Committee

Draft conclusions proposed by the Chairs

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) and the Subsidiary Body for Implementation (SBI) welcomed the report of the Adaptation Committee.[1]

2. The SBSTA and the SBI expressed their appreciation for the technical work undertaken by the Adaptation Committee. They noted that the Adaptation Committee has completed its work on the recommendations to the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) in response to decision 1/CP.21, paragraph 42,[2] as well as its work, together with the Least Developed Countries Expert Group (LEG), on the recommendations to the CMA in response to decision 1/CP.21, paragraphs 41 and 45.[3]

3. The SBSTA and the SBI initiated their consideration of the recommendations mentioned in paragraph 2 above, including through joint meetings with the group established under SBI agenda item 10 ("Matters relating to the least developed countries") on the joint recommendations from the Adaptation Committee and the LEG for consideration and adoption by the CMA.

4. The SBSTA and the SBI agreed to continue their consideration of this matter at SBSTA 48 and SBI 48 (April–May 2018)[4] with a view to making a recommendation to be forwarded by the Conference of the Parties at its twenty-fourth session (December 2018) to CMA 1 for its consideration and adoption.
